Introducing Our American Story 2!

Our American Story 2 program continues where your students left off in our American Story 1 program. This program is packed with the same amazing journaling as our earlier American history program. We also include lots of great living books for your family to enjoy.

1 Credit in the Following: History, Culture, Geography, Art, Bible & Science
(1/2 Credit in Science for 7th & Up)

Experience the Rich Culture of our Nation in our new American Story 2!

Picking up where American Story 1 left off our American Story 2 brings a unique and exciting learning experience for your family. As your family journeys through the turbulent and exciting second half of American history your family will learn and experience all of American Culture.

What will we study?

Week 36: Life in America Today

What are the different resources in this study?

American Story 2 Guide – This guide brings all of the open-and-go features that our other guides provide. Weekly schedules, notes on important topics, parental guidance on any sensitive issues, activity ideas, bonus website links, activity preparation information and much more!

WinterPromise Reading Resources – There are five reading resources exclusively created by WinterPromise that bring in the joy of living books as well the detail and presentation that are highlights of our resources. These five resources will be the spine of what you are reading throughout the year. Alongside of our spine resources we include America Can Do It as a bonus resource that will highlight all the challenges America took on throughout its history.

Living Books – There is a selection of other books brought into the program to bring a diverse perspective and rich reading experiences as a family. They are – Civil War for Kids, World War 2 for Kids, Shutting out the Sky, Six Days in October and Team Moon. These are a part of our “premium” packages and not our “basic” packages.

Activity Resources – We provide two activity resources, the American Achievements Activity Pack & Build Our American Culture. Our American Achievements Activity Pack is a activity resource that will bring American Culture from previous generations right into your home. The Build Our American Culture resource is in ebook only, and is a set of projects that you can build and create. They are intended to be done on cardstock and in full color.

American Story 2 Journal – As always our journaling is a highlight in this program. Your student will have two journals for this program. These journals will be at the center of everything you learn bringing it all together. Rich learning experiences and diverse journaling pages make these journals a truly wonderful learning experience.
